

## High medicinal effects of the turmeric is made by dazzling and strong sunshine in Okinawa island.

Farmers in Yanbaru region often say "Turmeric is raised by sun." Turmeric is a subtropical plant which prefers strong sunshine and fertile soil and the high medicinal effect is associated with levels of sunshine. The Japan Gold Turmeric raised in Okinawa island is a result of the crystallized soil energy and sunshine of Okinawa island.

**100%  
Made in Japan**

The best quality of Okinawa Wild Turmeric and Autumn Turmeric from Yanbaru region in the northern part of Okinawa) Japan

**Contain : 90 tablets (1 bottle)**

**Suggest Use : 2 or 3 tablets once a day with water.**
